Dr. Neyara Radwan holds the unique distinction of serving at two prestigious universities in separate countries which are; Al MAAREFA University, Riyadh, Saudi Arabia & and Suez Canal University in Egypt.

At AL MAAREFA UNIVERSITY in Saudi Arabia, she holds the esteemed position of Associate Professor in the field of Industrial Engineering within the College of Applied Sciences. Simultaneously, she serves as an Associate Professor in the Mechanical Department of the Faculty of Engineering at Suez Canal University in Egypt.

Beyond her academic responsibilities, Dr. Neyara Radwan has actively collaborated with various Quality Accreditation bodies, including ABET, AMBA, and AACSB. Besides her work as an Assistant and then Associate Professor at King Abdulaziz University for 9 years, she also was the Quality assurance officer for the MBA/EMBA as well as Ph.D. Programs at King Abdulaziz University, Saudi Arabia for 6 years.

Her extensive international contributions encompass research projects and numerous publications in esteemed peer-reviewed journals. In addition, she plays essential roles as Editor-in-chief-, editor, and editorial board member for various good-reputation international journals and as a dedicated reviewer for numerous others.

Dr. Neyara Radwan is a recognized international keynote speaker, having delivered keynote addresses at more than 80 multiple global conferences across countries like the United States, Canada, India, Singapore, Iraq, Oman, Dubai, Pakistan, and many more. She maintains active membership in several prominent international academic communities, such as the Global Education Policy Network (GEPN), sponsored jointly by Prince Sultan University in Saudi Arabia and The State University of New York at Buffalo. Furthermore, she has been a member of the Organization for Women in Science for the Developing World (OWSD) headquartered in Italy since 2021. Dr. Neyara is also a member of the World Association of Professional Scientists (WAPS) under Springer. Notably, she serves on the Board of Directors at Accord University in Somalia and is an active participant in the Asia Logistics and Supply Chain Council (ALSCC) based in Malaysia.

Additionally, she enjoys honorary membership in the International Research Committee at SANGAM UNIVERSITY in India. Dr. Neyara Radwan has received multiple national and international awards in recognition of her outstanding contributions.

Her research interests encompass an array of critical fields, including Sustainability, Renewable Energy, Solid Waste Management, Recycling, Optimization, and Supply Chain Management.
